# Know ABOUT US

## Accelerate your career with job-ready digital skills

Welcome to the Heuristic Academy, a hub of innovation and practical learning. With our unique HEURISTIC method, we blend academic excellence and real-world expertise with cutting-edge digital learning.

We are here to unlock your potential, guide you to seize your dream job, and help you become a true industry standout.

# OUR SERVICES

## Job Oriented Training we offer

- *MERN Stack*
- *Cloud Computing*
- *Ethical Hacking*
- *Android Development*
- *UI/UX Graphic Design*
- *Embedded Development*
- *Digital marketing*
- *Mechanical Solidworks*
- *Video Editor*
- *BlockChain Technology*
- *Artificial Intelligence*
- *Data Science*
- *PowerBi [Visualization]*
- *PCB Designing [Altium]*
- *Unity Game Development*
- *Software Testing*
- *Electrical Design*
- *E-commerce Marketplaces*
- *Auto CAD*
- *Computer Hardware*

## Coaching For Students

### Diploma / Degree / BSC-IT/CS]

#### SPECIALITY

- **MATHS I, II, III**
- **MICROCONTROLLERS**
- **MICROPROCESSORS**

## Coaching For Students [School Section]

CLASSES FOR

SSC & ICSE

FROM V TO X

TRAINING FOR

KVPY &

OLYMPIAD

## Extra curriculum activities

- *Spoken English*
- *Canvas painting*
- *Mental Math's*
- *Product Design / 3D Printing*
- *Abacus*
- *Personality development*

# WHAT IS KVPY?

*The Kishore Vaigyanik Protsahan Yojana (KVPY) is an on-going National Program of Fellowship in Basic Sciences, initiated and funded by the Department of Science and Technology, Government of India, to attract exceptionally highly motivated students for pursuing basic science courses and research career in science.*

*The objective of the program is to identify students with talent and aptitude for research; help them realize their academic potential; encourage them to take up research careers in Science, and ensure the growth of the best scientific minds for research and development in the country.*

*The advertisement for the KVPY Fellowship appears in all the national dailies normally on the Technology Day (May 11) and the Second Sunday of July every year.*

*Selection of the students is made from those studying in XI standard to 1st year of any undergraduate Program in Basic Sciences namely B.Sc./B.S./B.Stat./B.Math./Int. M.Sc./M.S. in Mathematics, Physics, Chemistry and Biology having aptitude for scientific research. Special groups / Committees are set up at IISc to screen the applications and conduct an aptitude test at various centres in the country. Based on the performance in the aptitude test, short-listed students are called for an interview which is the final stage of the selection procedure. For receiving a fellowship, both aptitude test and interview marks are considered.*

# WHAT IS OLYMPIAD?

*Olympiads are exams that are conducted throughout the country that lets students compete with other students on a similar education level. These exams are conducted by multiple organizations, the Indian Talent Olympiad being one of the well-established among them. The aim of conducting these examinations is to promote Science, Mathematics, Computer education and English skills among children of all age groups. Over the years the organization has stressed to help students analyze their strengths and weaknesses by providing them with a platform through these examinations, with the objective of identifying and nurturing student talent for better academic results. These examinations are conducted for students from class 1 to class 10 at their schools.*

*Olympiads test Reasoning, Knowledge and Understanding skills among children. It helps the child to think differently, to come up with a solution in his own unique way. The child might be having a hidden talent for problem-solving and analytical thinking, when he takes up exams like these, it gives him an opportunity to explore himself, helps him know what his real skills are. It also helps his parents to figure out what their child's strong points are, helps them know where the child's talent lies. This lets the parents nurture their child in the right direction at a young age itself. These kinds of examinations make learning fun for the children. When learning gets interactive and interesting, the child will be able to put in his best efforts, it also gives him the confidence to try something new without the fear of failure.*

## **Benefits of KVPY:**

- *Prestigious badge, direct admission to top institutes nationwide.*
- *Scholarship throughout your science course (3 or 5 years).*

## **Benefits of Olympiad:**

- *Enhances problem-solving skills and critical thinking.*
- *Provides recognition and opportunities for academic growth.*

# Abacus For Kids

## BENEFITS:

- Mathematics on Finger
- Self-Confidence
- Ability To Recall
- Concentration
- Visualization
- Photographic Memory
- Listening Skill

## Timing :

Weekends : 1 Hour/Session

5 Level (10 Session Each )

Fees : 4000/- for Each Level

# Mental Maths For Kids

## BENEFITS:

- Mental math sharpens brains.
- Improve number senses.
- Improve relationships between quantities.

## Timing :

Weekends : 1 Hour/Session

5 Level (10 Session Each)

Fees : 4000/- for Each Level

# Canvas Painting

## BENEFITS :

- Unleashes artistic expression.
- Calming and therapeutic.
- Refines motor & Dexterity skills.
- Enhances perception skills.

## Timing :

Weekends : 1 Hour/Session

5 Level (10 Session Each)

Fees : 4000/- for Each Level

# Robotic for kidz

## BENEFITS :

- cultivates critical thinking skills.
- Integrated STEM education
- Encourages effective teamwork.
- Promotes technological literacy

## Timing :

Weekends : 1 Hour/Session

5 Level (10 Session Each)

Fees : 4000/- for Each Level

# 3D Printing

## BENEFITS:

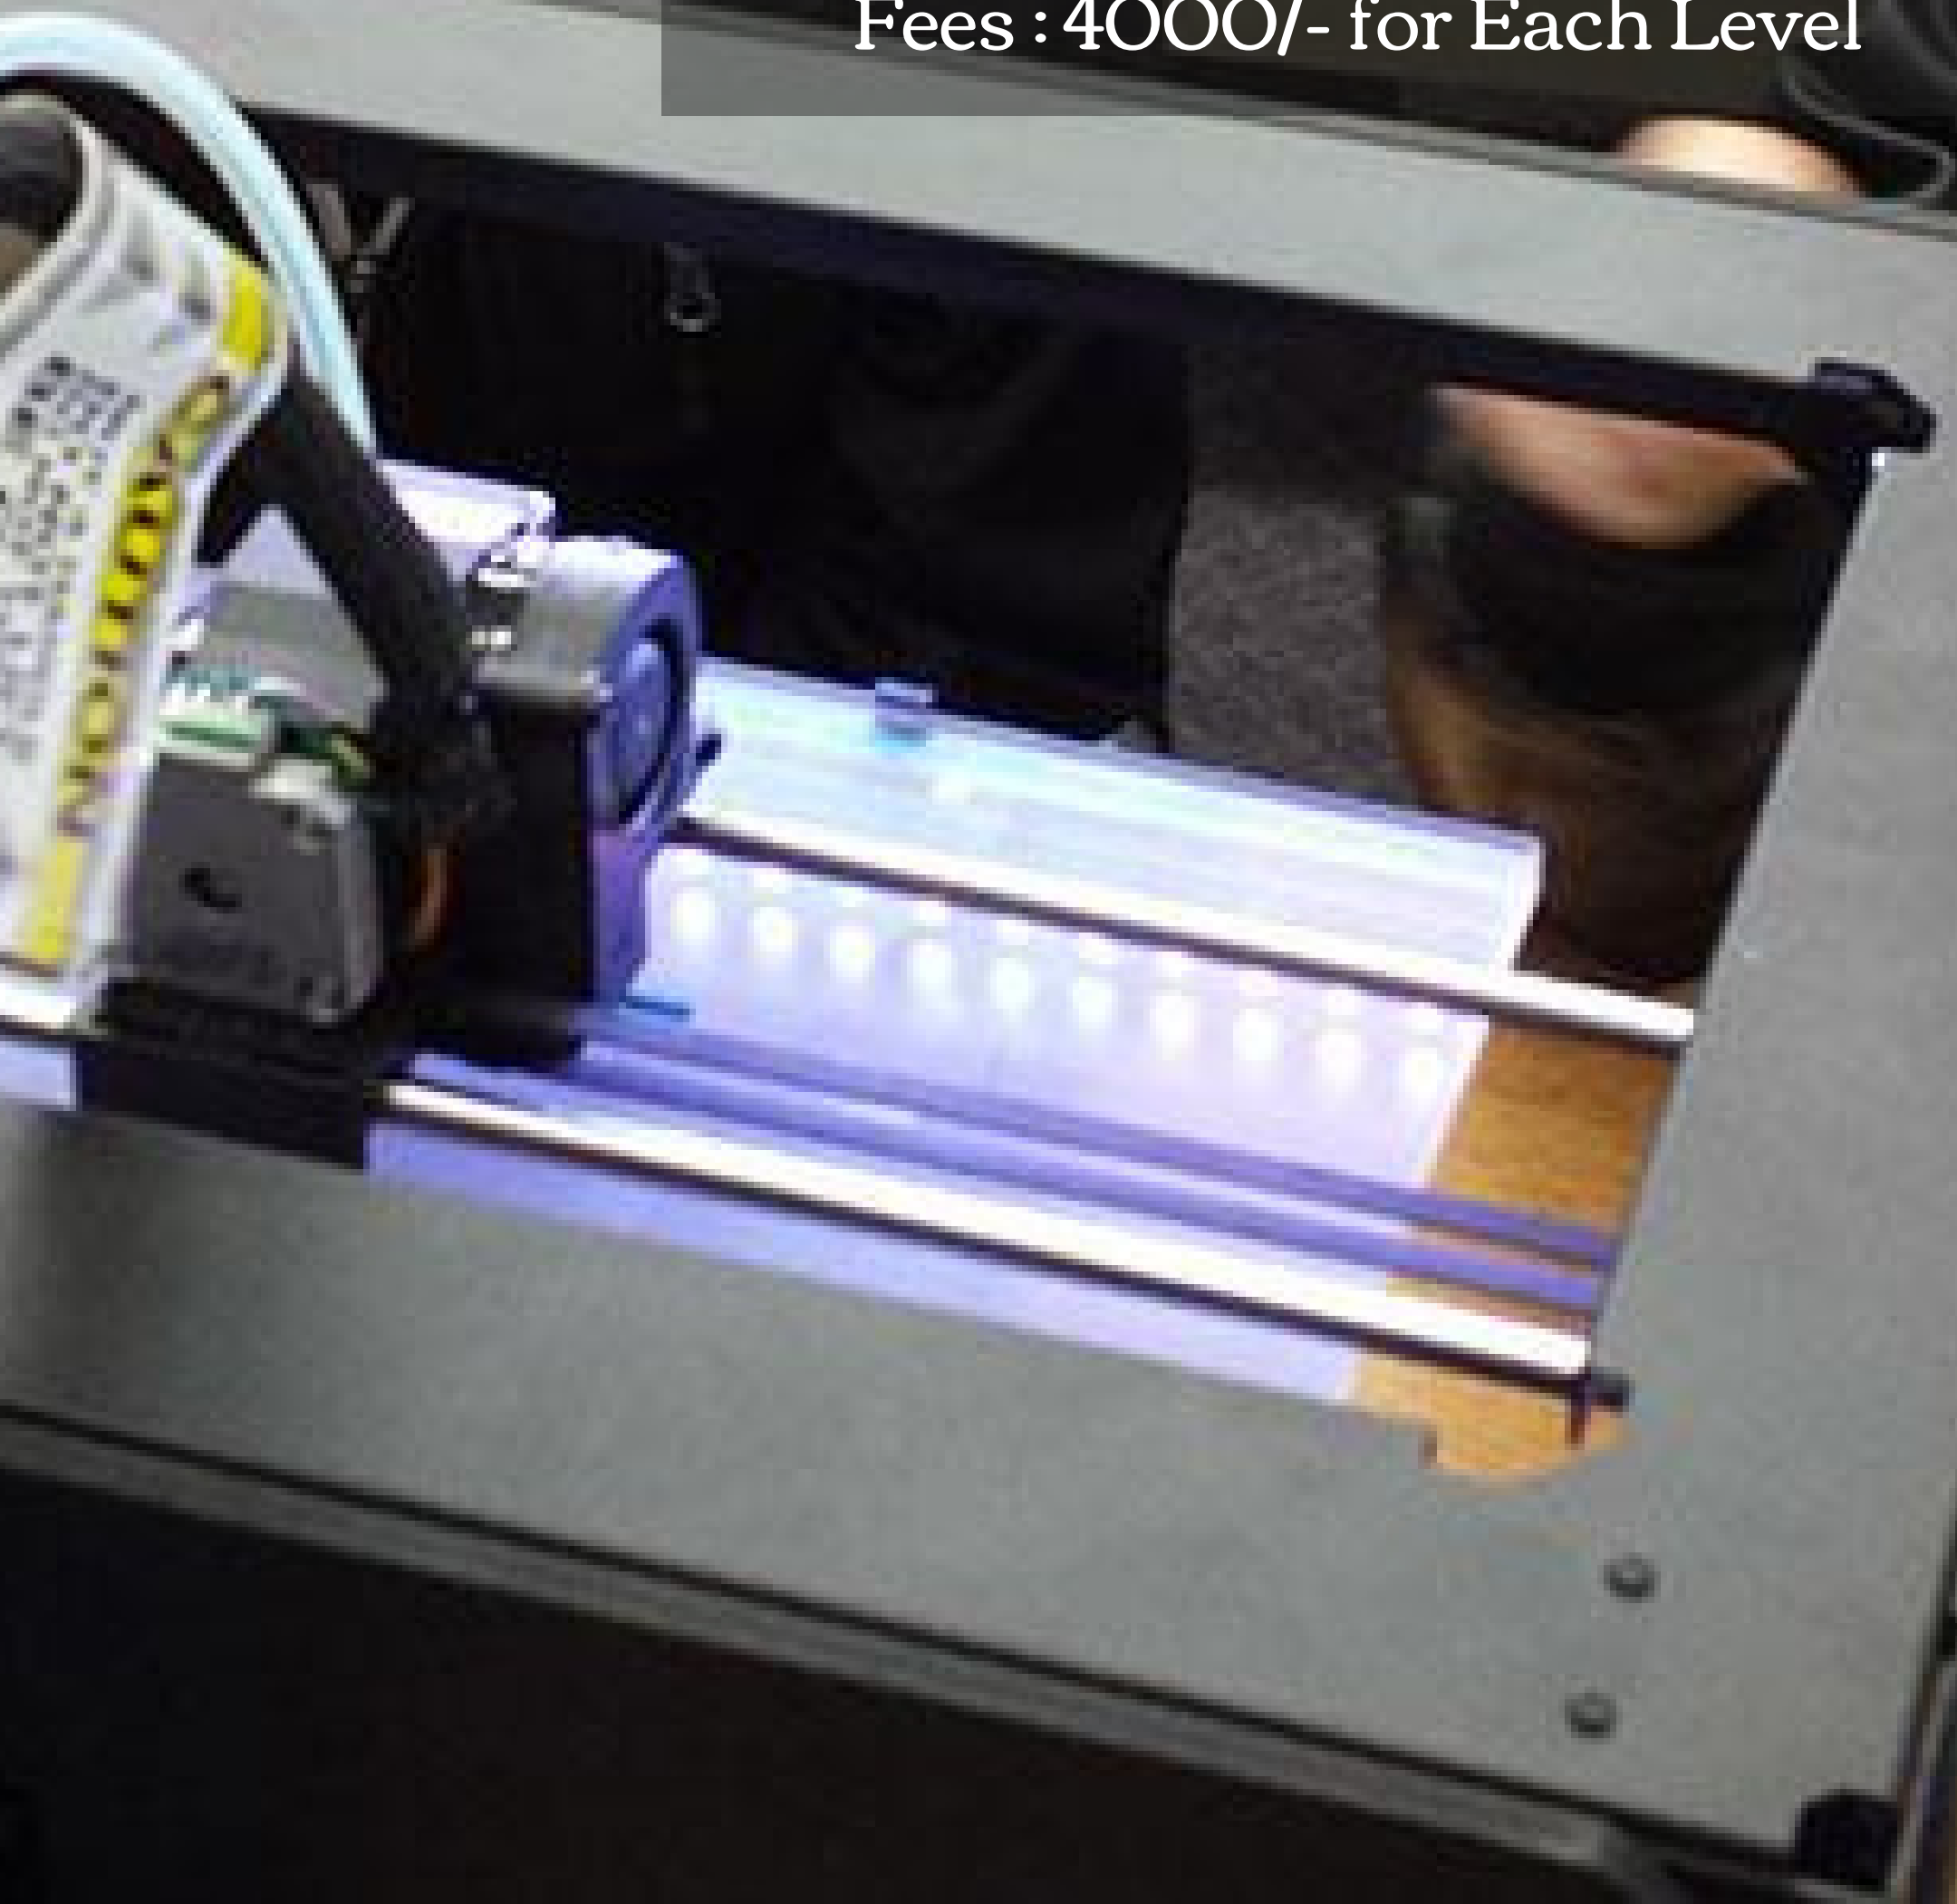

- Tangible exploration.
- Unleashing imaginative potential.
- Real-world challenges tackled.
- Integrated knowledge application.

## Timing:

Weekends : 1 Hour/Session

5 Level (10 Session Each)

Fees : 4000/- for Each Level

# Calligraphy

## BENEFITS :

- Enhanced dexterity.
- Improved attention span.
- Creative lettering styles.
- Calming and meditative.

## Timing :

Weekends : 1 Hour/Session

5 Level (10 Session Each)

Fees : 4000/- for Each Level
